The screenshot shows the homepage of the EEA ePLACE Public Access Portal. At the top, there is a navigation bar with links to 'Mass.gov', 'State Offices & Courts', 'State A-Z Topics', and 'State Forms'. Below this, the header includes the 'EEA ePLACE' logo, the text 'An Initiative of the Massachusetts Energy and Environment Information Public Access System', and the 'Public Access Portal' title. A 'Help/FAQ' link is also present. The main visual element is a large banner with various circular icons representing different environmental and energy topics, such as recycling, wind energy, solar, water, and transportation. Below the banner, a 'Welcome to the EEA ePLACE Public Access Portal' message is displayed. Two prominent orange buttons are visible: 'Search' (with the subtext 'All Online Authorizations') and 'Search and/or Comment' (with the subtext 'All Applications Open for Public Comment'). A paragraph of text explains that users can search and view all pending and final decisions for Permit, Certification, License or Notification Applications submitted online through the EEA ePLACE Portal, and provides a link to the 'Help/FAQs' for more information.
